EXECUTIVE SUMMARY

The Sooke School District Board of Education is pleased to present this Financial Plan identifying the resources required to deliver on our Strategic Plan 2025-2029. This plan offers a multi-year perspective on our financial framework, projecting revenues and expenditures over the next three fiscal years (2025 to 2028).

As we work to meet the operational and educational needs of our school district, we continue to face significant challenges, including inflation and increasing capital demands. These pressures may intensify over the course of our fiscal plan due to the current geopolitical environment. In this context, it is essential that we plan with foresight and stability in mind.

The Board of Education has identified three key priorities in our Strategic Plan (2025–2029):

- Learning
- Engagement
- Growth

As one of the fastest-growing school districts in the province, our financial plan is designed to address the complex and evolving needs of an organization that serves over 14,000 students and employs more than 2,000 staff.

This plan reflects our commitment to responsibly managing limited resources while remaining responsive to the voices of our community. It is grounded in the priorities set out in our Strategic Plan and guided by a long-term vision for student success.

HOW DOES THE BOARD CREATE THE BUDGET?

The Board has established a comprehensive budget process that ensures:

- The priorities of the Strategic Plan are properly funded;
- A transparent process that includes partner and public input through communication and consultation;
- Decisions are reported back to the public and partner groups; and
- Compliance with the *School Act*, collective agreements, Board policy, and other regulatory requirements.

BUDGET TIMELINES

As per the *School Act*, the Board must adopt an annual budget on or before June 30 of each year for the next fiscal year. The District starts the budget process in early January with the first reading of the budget planned for May. Through the Resources Committee, a special Committee of the Whole meeting in April, public Board Meetings, and communication through the District website and social media, the process is transparent and provides multiple consultation opportunities for partner and public input.

BUDGETING STRATEGIC PRIORITIES

Guided by our Strategic Plan, we launched a comprehensive consultation process that engaged both district partners and the wider community. These conversations helped identify a number of key priorities. As we continue to advance the strategic initiatives outlined in our plan, we want to highlight the top three priorities that emerged through this process:

PRIORITY

ACTION

Learning

Develop and support adaptable learners who are creative, critical, and social thinkers with the capacity to be educated citizens.

Engagement

Foster a strong sense of community and belonging among students, families, staff, and the wider community, encouraging a shared responsibility for education.

Growth

Strive for operational excellence by using sustainable practices and constantly improving our ability to meet the needs of our growing community.

BUDGET FUND TYPES

The District's Budget is comprised of three separate Funds: Operating Fund, Special Purpose Fund, and Capital Fund. The District's total budget bylaw amount includes expenses and asset purchases from all funds. The Operating Fund is where the majority of the District's expenses are reported and is driven by domestic and international student enrolment.

OPERATING GRANT ALLOCATION

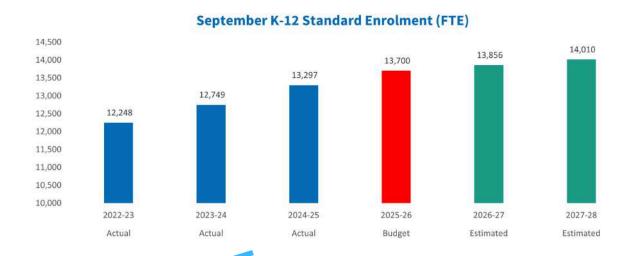

In March 2025, the Ministry announced a 1.1% increase to the basic per-student Operating Grant, raising the standard full-time equivalent (FTE) allocation from \$8,915 to \$9,015. This adjustment reflects the integration of 2024/25 labour settlement funding into the 2025/26 operating grant rates. As current collective agreements expire on June 30, 2025, and future labour cost increases remain unknown, no additional funding increases have been projected for 2025/26 and beyond.

Per Student Allocation - Standard (Regular) FTE

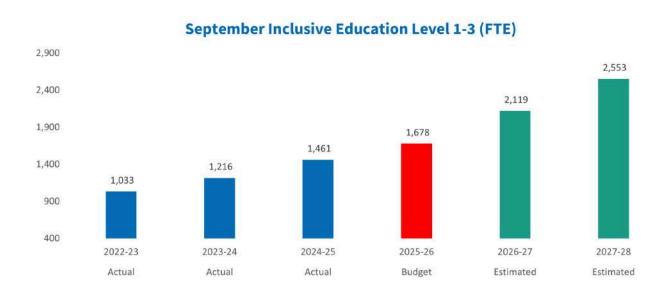

SEPTEMBER K-12 STANDARD ENROLMENT

The chart below shows 3 years of historical September K-12 Standard Enrolment, and the projected enrolment for the next 3 years. At 13,700 FTE in 2025/26, enrolment is expected to increase by 403 FTE over the prior year which is 27% of the anticipated total 1,511 FTE enrolment growth across the province. Based on Ministry projections, enrolment growth is expected to slow with an increase of 156 FTE in 2026/27 and an increase of 154 FTE in 2027/28.

SEPTEMBER INCLUSIVE EDUCATION ENROLMENT

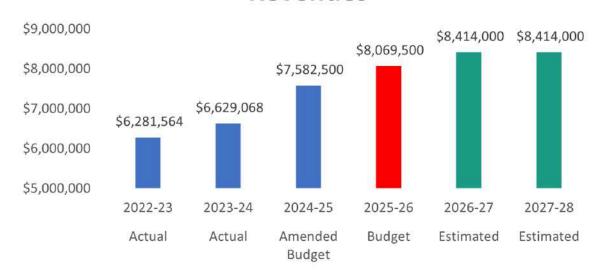

School districts receive supplemental Operating Grant funding to support students with disabilities or diverse abilities, based on enrolment counts in September and February. For 2025/26, the projected enrolment is 1,678 FTE—an increase of 217 FTE (15%) over the previous year. Ministry projections anticipate further increases of 441 FTE in 2026/27 and 434 FTE in 2027/28.

INTERNATIONAL STUDENT PROGRAM

The International Student Program generates additional tuition revenue separate from the Operating Grant and helps fund existing infrastructure and services elsewhere in the District. Due to post-pandemic impacts, the market has become increasingly competitive as school districts across the country struggle to maintain International Student Program enrolment. As a result, the projected enrolment is estimated to remain static at 260 FTE in 2025/26 and for the subsequent two years. Additionally, to pay for program cost increases, the ISP fees are increasing by \$850 per FTE to \$30,325 in 2025-26, and another \$1,325 to \$31,650 in 2026-27. As the tuition rates have yet to be set for 2027-28, they are estimated to remain the same as the prior year.

International Student Program Revenues

OPERATING FUND EXPENSES

Staffing levels take various factors into consideration including student and educational needs, funding availability, enrolment growth, and organizational capacity. As student enrolment is projected to increase so will staffing levels. For the 2026/27 to 2027/28 years, teacher staffing increases assume additions at a 1 to 24 teacher to student ratio. Staffing for educational assistants are still to be determined (TBD) as plans on how to utilize the operating grant's inclusive education funding for 2025/26 and subsequent years are still being finalized.

All labour settlement impacts known as of March 2025 and released through the Operating Grant have been incorporated into the 2025/26 Budget.

INTERFUND TRANSFERS AND CAPITAL PLANNING

When capital assets are purchased with operating funds, they must be transferred from the Operating Fund to the Capital Fund in order to be properly capitalized and amortized (expensed) over the life of the asset. This transfer is reflected as an inter-fund transfer.

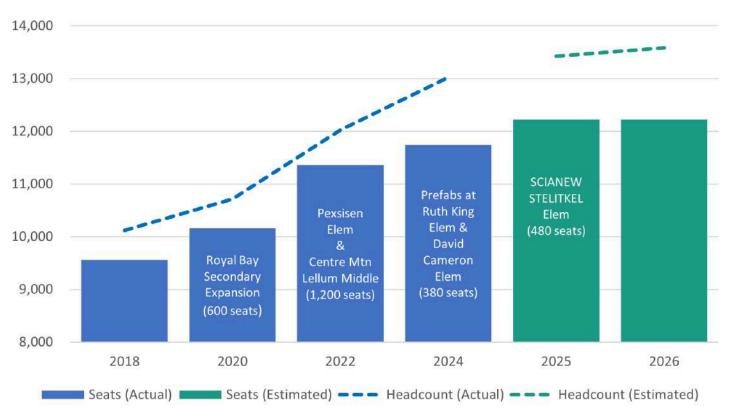

The District is not anticipating any inter-fund transfers for 2025/26.

The response from the Ministry to the District's 2025-26 Annual Five-Year Capital Plan submission did not include support for any new expansion program capital projects. Despite the additions of the new SĆIANEW SŢEŁIŢĶEŁ Elementary School and 18 prefabricated classrooms at David Cameron Elementary and Ruth King Elementary, the District is anticipating continued space challenges in the future as a result of the estimated future growth.

Head Count vs Seats

ACCUMULATED OPERATING SURPLUS

The use of the operating surplus enables the Board to engage in long-term planning, mitigate financial risk and support consistent services. The Board believes that the maintenance of a strong financial position is fundamental to the District's overall fiscal strategy, and as such, an appropriate level of contingency funds should be established to enable stability over the fiscal plan. The Board has a policy to build and maintain a contingency of 2% of operating expenses.

The following table is a detailed financial plan summary for the Operating Fund. It considers the projected enrolment and related effects on staffing and expenditures, in terfund transfers, and the Accumulated Operating Surplus.

The more significant SPF of the District include the Classroom Enhancement Fund (CEF), Learning Improvement Fund (LIF), Community LINK, Official Languages in Education French Programs (OLEP), Strong Start, Academies, School Generated Funds, and the Feeding Futures Fund.

CAPITAL FUNDS

The Capital Fund covers expenditures for land, buildings, buses, and other tangible capital assets. These are funded through Ministry capital grants, local capital, the Operating Fund, and Special Purpose Funds.

For 2025/26, the budget includes \$8.4 million in planned capital additions, which will be amortized over the useful life of each asset.

Key capital projects include:

- Expansion Program (EXP): \$2.0 million for continued construction of SĆIANEW STEŁITKEŁ Elementary.
- School Enhancement Program (SEP): \$0.5 million for HVAC upgrades at Belmont Secondary and \$0.75 million for interior construction at Edward Milne Community School.
- Carbon Neutral Capital Program (CNCP): \$0.75 million for energy efficiency upgrades at multiple schools.
- Food Infrastructure Program (FIP): \$0.125 million for kitchen renovations and equipment upgrades across schools.
- The child care centre at Hans Helgesen Elementary is scheduled for completion in fall 2026, with an estimated project cost of \$3.7 million allocated for the fiscal year.
